ACADEMIC ADVISING

Students who need extra help with written or practical work, or who just need a sympathetic ear, can rely on our caring staff. Students are provided with academic advising and additional assistance as necessary. Our School Manager and teachers are readily available and willing to help anyone who indicates that they could use the help. Progress reports are issued monthly and students who are not meeting minimum standards are counseled on grades and attendance. A copy is given to the student and a copy is kept in the students Academic File. Satisfactory Academic Progress (or SAP) is measured at set official checkpoints throughout the program. SAP is measured for grades and attendance. Students are advised when not meeting the required 75% minimum grade average and/or the 67% attendance minimum standard.

TIME CLOCK PROCEDURES

Student hours are recorded through the use of a digital time clock app. Each new student is emailed their login credentials, and shown in orientation how to use the app to accrue hours in the program.

Students scan the QR code and clock in upon arrival for class and scan the code and clock out at the end of the day.

Students must scan out anytime they are leaving the building, and scan back in when they return. No student may scan in or out for another student, or have anyone scan in or out for them.

Time is calculated on a quarter hour basis, so students need to be aware of punching a few minutes late and/or leaving a few minutes early, as this could affect the number of total hours calculated for the day. The time clock can only calculate hours with both a scan in and scan out.

Scanning in and out is a students responsibility

1. The students must check their hours, using the weekly hours attendance that is posted throughout the school, each week.
2. If a student has missed a punch or feels there is an incorrect calculation, for that week- they must put in a ticket, **within 3 days**- for that adjustment to be rectified.
3. Proof of attendance for the day in question, via sign offs from an instructor, exam administered , guest service provided, must be submitted for manager verification within 3 days

4. Each student will receive up to 3 manual adjustments for student mistakes in clocking procedures

COURSE FORMATS

All courses are taught in English.

SATISFACTORY ACADEMIC PROGRESS POLICY

The Satisfactory Academic Progress Policy is applied consistently to every student who is enrolled in a NACCAS approved program, in any specific program and schedule for a particular category of attendance at G Skin & Beauty Institute. This policy is printed in the catalog to ensure that a copy of this policy is provided to all students prior to enrollment. The policy complies with the guidelines established by the National Accrediting Commission of Career Arts and Sciences (NACCAS) and the Federal Regulations established by the United States Department of Education.

SATISFACTORY ACADEMIC PROGRESS DEFINED

At G Skin & Beauty Institute, satisfactory academic progress is defined by the following criteria:

1. Students maintain a minimum cumulative attendance average of 67% of all scheduled class time
2. Students maintain a written and practical grade average of at least 75%

Only students who maintain satisfactory academic progress are eligible to receive Title IV assistance, unless the student is on warning or has prevailed upon(won) an appeal of the determination that has resulted in the status of Probation.

EVALUATION CHECKPOINTS

The student's performance is thoroughly evaluated at each of the following scheduled official SAP evaluation checkpoints, using both **quantitative and qualitative elements that are evaluated on a cumulative basis**. The Official SAP Evaluation Checkpoints are **based on actual time completed** versus scheduled hours. The Commission has determined that it will allow a three (3) day grace period for schools to physically run their SAP report, however, the student's progress (hours, grades, etc.,) being reviewed are based on the precise period outlined in the school's policy, outlined below. **The first official SAP evaluation checkpoint is scheduled at or by the midpoint of the course.** Maximum time frame for each student will be measured for pace of progression at each official SAP evaluation checkpoint.

Evaluations will determine if the student has met the minimum requirements for satisfactory academic progress.

Transfer students are evaluated at the midpoint of the contracted hours with this institution.

ACADEMIC PROGRESS EVALUATIONS

The qualitative element used to determine academic progress is a reasonable system of grades as determined by assigned academic learning. Students are assigned academic learning and a minimum number of practical experiences. Academic learning is evaluated after each unit of study. Practical assignments are evaluated and count toward course completion. If performance does not meet satisfactory requirements, it is not counted and the performance must be repeated. At least two comprehensive practical skills evaluations will be conducted during the course of study. Practical skills are evaluated according to text procedures and a standard is set forth in practical skills evaluation criteria adopted by the school. Students are evaluated in the following areas: Theory, Practical, and Laboratory (Clinic) The following reasonable grading scale is used:

92 – 100	A	Excellent
84 – 91	B	Above Average
75– 83	C	Average
Below 75	F	Unsatisfactory

RELATED THEORY

A minimum standard of 75% is established in each subject. Tests are given after each chapter. If a student is retaking a failed test, the student receives a pass (75%) once the test is passed.

PRACTICAL WORK

A minimum accessible standard of 75% performance is established for practical skills. Failure requires further practice to achieve a passing level (75%).

ATTENDANCE PROGRESS EVALUATIONS

Evaluations are conducted at the end of each official SAP evaluation checkpoint to determine if the student has met the minimum requirements. At the end of each evaluation checkpoint the school will determine if the student has maintained at least 67% cumulative attendance since the beginning of the course, which provides an indication that, given the same attendance rate, the student will not exceed the maximum time frame allowed.

STUDENT ACADEMIC PROGRESS RESULTS - CONSULTATION

Students meeting minimum requirements for both attendance and academic performance at the end of each official SAP evaluation checkpoint will be considered meeting Satisfactory Academic Progress (SAP) until the next scheduled official SAP evaluation checkpoint. Students will receive a copy of their SAP results via their school email account. SAP results are maintained in the student's academic and financial aid digital file.

When not meeting Satisfactory Academic Progress (SAP) requirements, a consultation will be scheduled with an Institutional Representative to review the results within 7 School Business Days following the established SAP evaluation checkpoint. If the student has not met the standards for Satisfactory Academic Progress, the student will be advised on

what steps need to be taken to achieve academic progress standards by the next scheduled official SAP evaluation checkpoint. The student will then be placed either on *SAP Warning* or *SAP Ineligible*, or *SAP Probation* (upon an approved appeal).

Students may access SAP results by submitting a formal request in writing via the G Student Help Desk ticket system to schedule an appointment to review records in accordance with the institution's privacy of student records policy.

STUDENT PROGRESS - DETERMINATION OF STATUS

Students will be in one of three statuses:

1. **Satisfactory:** *Requires no action by the student or the school, maintains status until next official SAP evaluation checkpoint*
2. **Warning:** *Student is not meeting SAP Standards, aid eligibility is retained until the next official SAP evaluation checkpoint and requires the student to bring themselves to Satisfactory standing by the next official SAP evaluation checkpoint*
3. **Unsatisfactory:** *Student is not eligible to receive Title IV funding and will be placed on SAP Ineligibility. Students with an unsatisfactory SAP status will be considered a Cash Pay student. Students with an Unsatisfactory SAP will be advised how to file an Appeal if they so desire to.*

WARNING STATUS

Students not meeting Satisfactory Academic Progress for the first time, will be placed on SAP Warning. The student will be advised on what the requirements are to bring themselves into compliance by the next official SAP evaluation checkpoint. Financial Aid will continue to be funded during the warning period.

If at the end of the warning period, the student's SAP evaluation results in the student not meeting either the attendance or academic minimum requirements, the student will be deemed ineligible to receive Title IV funds. If a student is ineligible for Financial Aid, the student will be converted to Cash Pay status.

Students will be advised to follow the school's appeal process outlined in this policy, and of the actions required to attain Satisfactory Academic Progress by the next scheduled official SAP evaluation checkpoint.

APPEAL PROCEDURE

Students who will not attain Satisfactory Academic Progress by the end of the Warning Period, may appeal the negative progress determination within 10 calendar days by acting upon the following procedure:

1. The student must appeal in writing. The appeal must include the following:
 - a. The cause of the student not meeting the minimum SAP standards.
 - b. An explanation of what circumstances have changed that will allow them to meet SAP at, or before the end of the next official SAP evaluation checkpoint.
 - c. Attach any medical or other official documentation to verify your appeal, all appeals must be accompanied by verifiable documentation.
2. G Skin and Beauty Institute must verify that the student could mathematically regain SAP by the end of the next official SAP evaluation checkpoint for both academic and attendance standards.
3. An Academic Plan must be developed that, if followed, ensures that the student is able to meet the SAP requirements by the next official SAP evaluation checkpoint
4. The appeal procedure is prevailed upon prior to being placed on probation.

The following are acceptable examples to file an appeal:

1. death of a family member
2. injury or illness of the student
3. Extenuating, mitigating, or unusual circumstances

Appeal forms may be obtained through the G Student Help Desk by submitting a ticket to the Student Support Services requesting the appeal form. It is important that the following guidelines be followed.

All documentation along with the appeal form must be submitted within ten (10) days of notification that the student is not maintaining satisfactory academic progress.

The student will be notified in writing of the school administration's decision within thirty (30) calendar days. If the student's appeal is successful, the student will be placed on SAP Probation, and financial aid eligibility will be restored (on a Financial Aid Probation basis) for one payment period, upon conclusion of which the student must have achieved the required minimum standards.

An appeal will not be granted if it would be mathematically impossible for the student to achieve the required grade or attendance level by the end of the probation period.

All appeal documentation is maintained in the student's academic and financial aid file.

PROBATION STATUS

Students who fail to meet the minimum requirements for attendance or academic progress after the warning period may be eligible to be placed on probation and considered to be making satisfactory academic progress during the probationary period, **if** the student appeals the decision, and prevails upon appeal. Only a student who has the ability to meet the Satisfactory Academic Progress Policy standards by the end of the next official SAP evaluation checkpoint may be placed on probation. Students placed on an academic plan must be able to meet the requirements set forth in the academic plan by the end of the next official SAP evaluation checkpoint. The student's progress will then be reviewed, as is required of a student on probation status, to determine if the student is meeting the requirements of the academic plan. If the student is meeting the requirements of the academic plan, the student is eligible to receive Title IV aid as long as the student continues to meet those requirements and is reviewed according to the requirements specified in the plan. The plan must lead the student to successful completion of the program within a specified time frame. Students must also appeal in order to change their academic plan. An explanation must be provided as to why the change is necessary and how the change will enable the student to make satisfactory academic progress.

Students demonstrating progress according to their individual academic plan, will be considered to be making Satisfactory Academic Progress. If at the end of the probationary period, the student has not met either the attendance or academic minimum requirements, required for satisfactory academic progress or according to the outlined academic plan, the student will be determined as NOT making satisfactory academic progress. The student will be deemed ineligible to receive Title IV funds. Subsequently, the student will be placed on a Cash Pay status.

RE- ESTABLISHMENT OF SATISFACTORY ACADEMIC PROGRESS

To remove himself or herself from Warning, Ineligible, or Probation status, the student shall establish a minimum cumulative attendance average of 67% of all scheduled class time and shall commence to improve his or her grades such that by the next scheduled official SAP evaluation checkpoint, they will have established a cumulative minimum grade average of 75%, by the end of the warning or probationary period.

INCOMPLETES, WITHDRAWALS, REPETITIONS, AND NONCREDIT REMEDIAL COURSES

Course incompletes, withdrawals, repetitions, and noncredit remedial courses do not apply and do not affect Satisfactory Academic Progress.

INTERRUPTION IN TRAINING

Any students who must drop, may re-enroll by applying for admission through the Admission Office. There is a \$100.00 registration fee to re-enroll. If the student re-enrolls within thirty (30) calendar days, the re-enrollment fee is waived. If a student drops due to an acute illness or pregnancy, the student may appeal the fee with proper documentation. Appeal forms can be located through the G Student Help Desk. Students will return to the same satisfactory academic progress status at the time of the student's withdrawal.

Be aware that interrupting the program may have an effect on your Financial Aid Benefits.

All payments due the school or TFC must be current in order to re-enroll in the program.

LEAVE OF ABSENCE

G Skin & Beauty Institute **does not** currently have a leave of absence policy.

TRANSFER HOURS

Official Satisfactory Academic Progress evaluation checkpoints are based on the actual contracted hours at the school. Transfer hours from another institution that are accepted toward a student's educational program are counted as both attempted and completed hours for the purpose of determining when the allowable maximum time frame has been exhausted.

NEW PROGRAM ENROLLMENT

Students who withdraw from one program or course and enroll in a new program at the same school will not have the previous grades and attendance earned in the previous program count toward Satisfactory Academic Progress standards within the new program.

★ Maximum weekly calculations are calculated according to the student's class schedule. However, weekly projections are based on a student's attendance as outlined in the student's CURRENT course schedule. Maximum Time Frame weekly projections may fluctuate as a result of student absences BUT will not exceed the Maximum Time Frame for clock hours.

G Skin & Beauty Institute operates ALL programs according to the following academic year : 900 clock hours to be completed within 30 academic weeks according to a Full Time 30 Hour weekly schedule calculation

To remain eligible for Federal Funds, students must complete their program within one and one-half times (150%) the course length according to their scheduled completion times. Course length is defined as the period of time required to complete the course based upon the enrollment status and allowing for no absences. Maximum time frame for each student is measured for pace of progression at each official SAP evaluation checkpoint.

If it becomes mathematically impossible for a student to complete the course within the maximum time frame the student will be terminated. Students will be permitted to gain re-entry into the program on a cash pay basis as outlined in the re-enrollment provisions outlined in G SKin & Beauty's admission policy.

All Maximum Time Frame appeal documentation is maintained in the student's academic and financial aid file.

WITHDRAWAL, SETTLEMENT, & TUITION REFUND POLICY

Tuition refund requests are to be directed to the Executive Office. The Institution's Withdrawal, Settlement, and Tuition Refund Policy complies with all state and federally mandated policies. The following schedule of tuition refund adjustments is authorized.

If a student terminates his or her program, a refund calculation will be done using *scheduled* hours and is calculated based on the student's last date of attendance. The policy applies to all terminations, for any reason, by either the student or by the school if the course/program is canceled, if the student is expelled, or if the school closes.

Application may be made for an adjustment of the guidelines by students who have had mitigating circumstances of a documented chronic illness that required hospitalization or a pregnancy that prohibits them from completing their program of study. Adjustments will be made on a case by case basis, and only for missed scheduled hours.

For students eligible for Title IV Funds, the Return to Title IV calculation will be used to determine the amount of Federal Title IV funds that may be credited to the student's account. For any remaining balance due, the student will be personally responsible and the Institution's Withdrawal, Settlement, and Tuition Refund Policy will be applied

Enrollment time is defined as the time elapsed between the actual starting date and the date upon which the student terminates his/her enrollment in writing. Unexplained absence from school for more than fourteen (14) consecutive calendar days will be dropped from the program. For the purpose of cancellation, the cancellation date shall be the last date of physical attendance at the school.

Unofficial withdrawals are determined through the school by monitoring clock hour attendance at least every thirty (30) days.

Applicants not accepted by the school shall receive a refund of all tuition and fees paid.

Deposits or down payments become part of tuition.

The school shall mail a written acknowledgement of a student's cancellation or written withdrawal within fifteen (15) days of the postmark of notification.

If a student (or in the case of a student under legal age, his/her parent or guardian) cancels his/her enrollment and requests money back in writing, within five (5) days of the signing of an enrollment agreement or contract, all monies collected by the school shall be refunded. The cancellation or withdrawal date will be determined by the postmark on written notification or by the date of notification of cancellation or withdrawal is given in person.

If the school cancels a course and/or a program and ceases to offer instruction after students have enrolled and instruction has begun, the school shall offer as its option:

1. a pro rata refund for all students transferring to another school based on the hours accepted by the receiving school
2. provide completion of the course and/or program or

2. Provide completion of the course

If the school is permanently closed and no longer offering instruction after a student/applicant has enrolled, the student/applicant shall be entitled in accordance with law to either:

1. a prorata refund of tuition or
2. shall be entitled to participate in the school's teach-out program.

All refund calculations are performed and the distribution of refunds are issued in a timely manner as outlined in state and federal guidelines.

G Skin & Beauty Institute maintains ethical business practices in relation to any collection efforts. All collection correspondence via third party collection agents acknowledge the Institution's Withdrawal, Settlement, and Tuition Refund Policy, as reiteration of a debt owed to G Skin and Beauty Institute.

RETURN OF UNEARNED TITLE IV FUNDS

Federal regulations have been enacted which state that students may forfeit a portion of their federal student financial assistance if they fail to complete the program of study in which they are enrolled. This policy affects students who:

- a) received or were eligible to receive federal student financial assistance authorized under Title IV of the Higher Education Act (HEA), i.e., Federal Pell Grants, Stafford, or PLUS Loans awarded under the Federal Family Education Loan (FFEL) or Federal Direct Student Loan (FDSL) programs,
- b) who, on or after October 7, 2000, withdrew or were terminated from the institution during the first 605 of any payment period or period of enrollment.

Payment periods are defined as a fixed number of clock hours.

Eligible Title IV aid recipients who fail to complete over 60% of a payment period or period of enrollment are considered to have not earned all of the federal aid that may have previously been awarded for that payment period or period of enrollment. Accordingly, a required calculation will be performed to determine the portion of the unearned federal student aid that must be returned to the US Department of Education. This calculation will be done before a tuition refund calculation is performed in accordance with the institution's refund policy. In many cases, the Return of Unearned Title IV Funds calculation will result in the student owing tuition and fees to the institution that would otherwise have been paid with federal student aid. This policy may also result in the student owing a refund of unearned federal aid to the Department of Education.

If a student shall terminate his/her enrollment at G Skin & Beauty Institute, refunds will be made in the following order:

Unsubsidized Stafford Loan / Subsidized Stafford Loan / PLUS Loan / Pell Grant / Student payment

BUYER'S RIGHT TO CANCEL

The applicant buyer shall have the absolute right to cancel the Enrollment Agreement until midnight of the fifth (5th) day after the execution of the Enrollment Agreement. Cancellation must be in writing and received by the campus manager and/or the school office. In the event of cancellation, applicants shall be entitled to a refund of all monies paid to the school. If notice of the right to cancel is not given to any prospective student at the time the enrollment agreement is signed, then the student has the right to cancel the agreement at any time and receive a refund of all monies paid to date within 10 days of cancellation.

The policy applies to all terminations, for any reason, by either the student or by the school if the course/program is canceled, if the student is expelled, or if the school closes. Application may be made for an adjustment of the guidelines by students who have had mitigating circumstances of a documented chronic illness that required hospitalization and that prohibits them from completing their program of study. Refunds for VA students are figured on a ProRata Refund scale. Once the student has reached 60% of their program the school is due the entire agreed upon tuition and fees.

Policy for Veteran Students 2022-2023

Suspension of Enrollment for Reasons of Serving in the Armed Forces

G Skin & Beauty Institute ensures that members of the Armed Forces, including reserve components, and the National Guard, who are enrolled in a course at G Skin & Beauty Institute will be accommodated and readmitted if they are temporarily unavailable, or have

to suspend such enrollment by reason of serving in the Armed Forces. There will be no cost associated with the readmission, and all persons will resume their studies in the same status as when they left.

CODE OF PROFESSIONAL CONDUCT

THERE ARE A FEW CHANGES DUE TO THE COVID-19 PANDEMIC AND MUST BE FOLLOWED FOR THE HEALTH AND SAFETY OF ALL

In order to maintain an atmosphere of learning and professionalism, Professional Conduct is the level of conduct we expect from our students. Students are constantly taking time to follow the rules of good grooming, proper sanitation, and ethical behavior. The following rules are important: Choosing not to follow the Professional Code of Conduct will result in consequences for the student; the consequences will depend on the nature of the offense.

Suspension, dismissal and expulsion will be dealt with on an individual basis, and re-entry terms will be discussed, and put in writing at the time of the incident. Students will be asked to sign the form with the manager as a witness to the event.

Consequences for lesser offenses:

1. Students are given a verbal warning for the first offense.
 2. Students are given a written warning on the second offense.
 3. Students are dismissed for the remainder of the day on the third offense.
 4. If the offense continues, the school owner is involved and the student will be dealt with on an individual basis.
- Options could include: suspension from 1-3 days.

★ **Students are not permitted to entertain or keep their children on campus during school hours for any length of time.**

ACCUMULATING YOUR HOURS

Masks MAY be worn according to the student's personal preference.

- ***School Uniforms:*** Students are to wear uniforms when accruing hours. Students must wear scrubs and closed toed shoes that are **not** provided by the school and must be purchased by the student. During the Admissions process, the Advisor will inform the enrollee what to purchase and give ideas of where to purchase them. On cooler days, students may wear a long sleeve white or black plain top under their uniforms. G Skin & Beauty Institute / Naperville Skin Institute does allow leeway for faith mandated attire. Speak with an Admissions Adviser for clarification.
- ***The Student Time Clock: It is the students responsibility to clock in and out daily.*** Clocking in 5 minutes or more late or leaving 5 minutes or more early may result in a time clock calculation of negative 15 minutes accrued.
- ***Required Theory:*** Illinois State Law requires students to accumulate: 75 hours of theory (esthetics students), and 20 hours of theory in teaching methodology (student teachers) during the course of their program. Any theory classes missed can be made up after (750 hours) at an hourly rate then applicable for additional instruction time. If a student cannot attend their scheduled Theory classes, then the student should request a new schedule that includes time spent in a different Theory class, that will better fit their needs.
- ***Schedule Changes:*** Any schedule other than the schedule shown on your Enrollment Agreement must be approved by the administrative office. Please submit a ticket through the G Student Help desk, and the \$40.00 fee is required after the change is approved, but prior to beginning the new schedule. Schedule changes will not be approved unless all payments to the school and TFC are current.
- ***Sanitation and Safety:*** This process is at the forefront of all educational goals during the programs. Students learn how important sanitation is especially when working on the public. All students will keep the school, their equipment and their work space sanitized and clean at all times while logging hours. Students will also learn the State laws for sanitation and safety and how to incorporate them in their profession.
Increased sanitation efforts will continue and students will be expected to participate in enhanced sanitation practices. Sanitation expectations will be discussed during Orientation.
- **SMOKING IS NOT PERMITTED in the building or within 15 feet of any entrance or exit of the building.** Students must smoke in their cars

CLINIC GUIDELINES

- Students have the privilege of receiving any of our customer services at the posted student discounted rate during **specified times and with permission from the clinic instructor**.
- Discounted student prices are available for beauty supplies used and services performed on students. The **teacher's permission** must be in writing on the sales slip.
- Eating or drinking throughout the school is permitted in the BREAK ROOM ONLY. In theory, classroom teachers may allow their students to drink a beverage as long as it is in a covered container.
- All students must have approved equipment and textbooks with them at all times. The school cannot be responsible if your property is lost or stolen. We recommend that you mark all your equipment and also your personal belongings with your name. The students must provide their own lock for their locker when it is assigned.
- Training on the student clinic floor is hands-on preparation for working in a salon. Professional behavior is expected at all times, therefore, the use of cell phones and ear pods is highly discouraged in this area of the school.
- Students must have a sales slip from the front desk in order to perform services on the clinic floor. Students are not allowed to transfer patrons without permission from their instructor.
- Any student who refuses a client ticket for services may be suspended from school for the duration of the day. Repeated offenses will result in further action by the management.

ATTENDANCE/TARDY POLICY

- Students who are going to be late or absent are encouraged to notify the school office, and/or their instructor.
- Students absent, without notice, for a period of more than fourteen (14) **consecutive calendar** days will be dropped without further notice (according to Federal Law). Absences, whether excused or unexcused, shall not reduce the number of hours of training required for licensing.
- **Students who are absent from their program risk** missing much of the knowledge of what they are paying for. Students **risk** losing their Financial Aid, place themselves in **jeopardy** of not passing the State Board Exam, acquiring their license, and lastly missing out on employment opportunities in an amazingly lucrative industry. Students who are absent also **risk** not completing their program before their final graduation date. This will result in having to pay again for the remaining hours to complete the program. Please, for your sake, **come to school**.
- If a student is tardy, the school will not deduct from, or add to, the student's officially recorded hours of attendance.

PRIVACY OF STUDENT RECORDS POLICY

The following is the policy of G Skin & Beauty Institute regarding the information contained in student files.

Students, and parents or guardians of dependent minors, have a right to inspect and review all of the student's education records maintained by the school under the supervision of a G Skin & Beauty Institute school official. The parents or guardian of a dependent minor student, and all students, must make a formal request to view these records and set an appointment to do so. They may not have copies of any of these records without the permission of the Executive Director. Copies of time cards, actual tests, or test answer sheets are never to be made. Once the Executive Office approves of making copies of the student's file, the cost will be \$.25 per page or \$5.00 whichever is less.

The school must have written permission from the student, and parent or guardian of a dependent minor student, before releasing any information from a student's file. A blanket release such as the one on the Enrollment Contract is not considered a valid release form. Each request must have its own release authorization from the student.

However, FERPA allows schools to disclosure those records, without consent, to the following parties or under the following conditions (34 CFR § 99.31):

- School employees with legitimate educational interest
- Other schools to which a student is transferring
- Specified officials for audit or evaluation purposes
- Appropriate parties in connection with financial aid to a student
- Organizations conducting certain studies for or on behalf of the school
- Accrediting organizations
- To comply with a judicial order or lawfully issued subpoena
- Appropriate officials in cases of health and safety emergencies
- State and local authorities, within a juvenile justice system, pursuant to specific State law.

The school must give the student, and parent or guardian of a minor dependent student, a copy of this policy on request. If a request for information from an eligible group or individual is received via the telephone, the person receiving the request at the school must follow these procedures:

1. Fill out a Request for Student Information Form and inform the individual making the request that you will call them back with the information requested.
2. Obtain the required information from the student's file.
3. Call the individual making the request and verify that they are who they say they are and that they are with whatever agency they claim to be with. NOTE: Never take a direct dial phone number, always ask for a phone number that goes through a switchboard operator.

Customers are prospective students and students who apply to attend G Skin & Beauty Institute and receive private or government grants or loans to finance their education.

Nonpublic personal information is information which is not publicly available on:

- Name of your financial institution, account number
- Information provided on your application to enroll at G Skin & Beauty Institute
- Information provided on your application for a grant or loan
- Information provided on a consumer report
- Information obtained from a website
- Your name, address, and social security number

G Skin & Beauty Institute is committed to implementing a comprehensive information security program, consonant with the size and complexity of this institution and the nature of its educational activities, to maintain and safeguard your nonpublic personal information against damage or loss. The policy covers all student records in whatever format (hard copy, electronic).

Carol Westphal shall be responsible for coordinating the school's information security program. The coordinator shall, at least once every three years, assess foreseeable internal and external risks to the security, confidentiality, and integrity of customer information that could result in the unauthorized disclosure, misuse, alteration, destruction, or other compromise of the information. The risk assessment shall cover every relevant area of school operations, including:

- Employee training and management
- Networking and software design, information processing, storage, transmission and disposal
- Ways to detect, prevent, and respond to attacks, intrusions, or other systems failures

The coordinator shall design and implement safeguards to control identified risks and shall monitor the effectiveness of them, recommending changes when warranted.

Records for prospective students who are not accepted or who do not enroll in G Skin & Beauty Institute shall be held for 3 months then destroyed in a secure manner. Records of attending students shall be maintained in accordance with federal and state law and accreditation requirements.

Students shall receive an initial notice of this policy at the time they submit a signed application for enrollment. All currently enrolled students shall receive an annual notice on October 1 of each year.

G Skin & Beauty Institute shall only enter into servicing agreements with service providers who maintain appropriate safeguards for customers' nonpublic personal information.

The Family Educational Rights and Privacy Act (FERPA) affords students and parents or guardians of dependent minor students certain rights with respect to their education records. These rights include:

1. The right to inspect and review the student's education records within 45 days of the day that the Institute receives a request for access. Students or parents or guardians of dependent minor students should submit to the Office of the Registrar or Office of Student Finance written requests that identify the record(s) they wish to inspect. The school official will make arrangements for access and notify the student, and parent or guardian of the dependent minor student, of the time and place where the records may be inspected.

2. The right to request the amendment of the student's education records that the student believes is inaccurate, misleading, or otherwise in violation of the student's privacy rights under FERPA. Students and parents or guardians of dependent minor students, who wish to request that the Institute amend a record should write to the Institute official responsible for the record, clearly identify the part of the record they want changed, and specify why it should be changed. The Institute will review the file, and if the Institute decides not to amend the record as requested by the student, and parent or guardian of the dependent minor student, the Institute will notify the student and parent or guardian of the dependent minor student, in writing of the decision and the student's right to a hearing regarding the request for amendment to the file. Additional information regarding the hearing procedures will be provided to the student, and parent or guardian of the dependent minor student, when notified of the right to a hearing.

3. The right to provide written consent before the Institute discloses personally identifiable information contained in the student's education records, except to the extent that FERPA authorizes disclosure without consent. One of the exceptions under FERPA that authorizes disclosure of personally identifiable information without the student's prior written consent allows school officials with legitimate educational interests to access certain records. A school official is a person employed by the Institute in an administrative, supervisory, academic, contractual or financial aid capacity. A school official has a legitimate educational interest if the official needs to review an education record in order to fulfill his/her professional responsibility. Another of the exceptions under FERPA that authorizes disclosure without the student's prior written consent allows the Institute to disclose properly designated "student directory" information to anyone unless the student has advised the Institute to the contrary in accordance with Institute procedures. Directory information is information that is generally not considered harmful or an invasion of privacy if released. The Institute has designated the following information as directory information: the student's name; address; telephone listing; e-mail address; program of study; enrollment status; dates of attendance; degrees, honors and awards received; photographs and video of students; and the most recent educational agency or institution attended. The student, and parent or guardian of the dependent minor student, has the right to refuse to allow the

Institute to designate any or all of this information as directory information. If the student does not want any or all of this information about him or her to be designated as directory information, the student, and parent or guardian of the dependent minor student, must notify the Institute by submitting a signed written request to the Office of the Registrar no later than the 15th business day after the first day of classes.

4. The right to file a complaint with the U.S. Department of Education concerning alleged failures by the Institute to comply with the requirements of FERPA.

The name and address of the Office that administers FERPA is:

Family Policy Compliance Office
U.S. Department of Education
400 Maryland Avenue, SW
